Registration modules are the blue boxes.

3. Find the trip you want to register for. For example, we are going to register for the January 6th trip to Highlands Nordic. Click on the module in the calendar, and this will lead you to registration page for the trip. Please read the page to find out all the information you need to know about what is offered on the trip.

If you want to register, click the Register button. If the button is not there it means the trip is not available for registration because it hasn't opened yet for registration or the registration deadline has passed.

If the trip is full, you can join the waitlist (there will be a "join waitlist" button instead of a "register" button). You will answer all the same questions as during registration (see below), but you will NOT pay for the trip unless a spot frees up and you are moved on it.
